MEMORANDUM

TO: State Board of Education

FROM: Michael P. Flanagan, Chairman 

SUBJECT: Approval of Criteria for the 2007-2010 Michigan Charter School Grant Program

In June, Michigan received a new three-year cycle of funding for the Charter School Grant Program. This \$21,682,806 grant from USDOE is a continuation of previous cycles of funding, and is for the purpose of making subgrants to PSA development teams or operational PSAs in order to

- strengthen the pool of applicants available to Michigan charter authorizers,
- support successful charter recipients to implement the schools they proposed, and
- enable charters with strong student achievement to mentor start-up schools.

The approved grant proposal identifies criteria to be used for competitively selecting grantees. These criteria are submitted here for State Board of Education approval.

It is recommended that the State Board of Education approve the Criteria for 2007-2010 Michigan Charter School Grant Program, as attached to the Superintendent's memorandum dated July 30, 2007.

Criteria for the 2007-2010 Michigan Charter School Grant Program

The State Board of Education has adopted as its Strategic Goal "Attain substantial and meaningful improvement in academic achievement for all students/children with primary emphasis on high priority schools and students."

To the extent possible, all grant criteria and grant awards will serve to further attain the above goal.

PRIORITIES, POLICIES, AND PROGRAMS THAT THESE CRITERIA SUPPORT

The grant program will strengthen the pool of applicants to Michigan charter authorizers by supporting early stage applicants through financial assistance and technical support. The required technical support portion of the grant program will ensure that public school academy (PSA) developers are informed early in their planning processes about Board and Governance responsibilities; about learning and teaching models demonstrating powerful improvement in achievement, graduation rates and post-secondary education rate; about Principles of Universal Education, Positive Behavior Support, Anti-Bullying, and Seclusion and Restraint, among other topics.
